Nitesh Kumar

B.Tech in Electrical Engineering @ DTU '27 | 600+ DSA Problems
| ML/DL Enthusiast (ANN, CNN, RNN, Transformers, RAG, Fine-
Tuning) | Full-Stack Developer (HTML, CSS, JS, React, Node.js,
SQL) | GenAI, Agentic AI

Delhi, India

Summary

Enthusiastic and skilled AI Engineer with a strong foundation in Electrical Engineering (DTU '27), competitive programming (500+ problems on LeetCode), and in-depth experience across Machine Learning, Deep Learning (ANN, CNN, RNN, Transformers), and Generative AI (RAG pipelines, LangChain, LLM fine-tuning). Adept in full-stack development using HTML, CSS, JavaScript, React, Node.js, Express, and SQL. Passionate about building real-world, scalable GenAI systems that merge ML intelligence with robust web infrastructure.

Experience

Relemac Technologies

Testing and conduct Intern

August 2025 - September 2025 (2 months)

Haryana, India

Edu Grow

Web Development Intern

June 2025 - July 2025 (2 months)

Delhi, India

Education

Delhi Technological University (Formerly DCE)

Bachelor of Technology - BTech, Electrical Engineering · (2023 - 2027)
